\***Bingo Coverall Jackpot** pays \$2,500 if you get it covered in 52 numbers or less. The jackpot will increase in size by \$100 each week until it reaches \$4,000 and when it does we will then add one number to the 52 numbers called each week until someone wins the jackpot and it then starts over at the \$2,500 payout. A consolation prize based on attendance will pay out \$225, \$200, \$175, \$150 or \$125 if the jackpot is not hit in the minimum numbers called.

\***Lucky Number** .... One extra dollar is automatically charged for whichever package you buy and if you bingo on the Lucky Number you will receive 70% of whatever we take in that week. The Lucky Number can be won on any game we play. If no one wins that week, the amount will be carried over each week until someone wins. Anyone who wins \$1,200 or more on any bingo game must furnish a Drivers License and SSN #.

\***Fire Ball Jackpot**—Four extra dollars is automatically charged for whichever package you buy. If you yell bingo on the first number out after the Fireball shows up in the monitor you will win or share the entire Fire Ball Jackpot. The Fire Ball Jackpot is only played on our 14 regular bingo games. Those are the game you play on your 6 on bingo sheets. When the Fire Ball Jackpot is won the Mega Fire Ball Jackpot now comes into play for the rest of that nights bingo session and works the same as described above.
